Ride Name : Port to Port

Weather conditions: Cold and Dry	
General Comments: <p>What a lovely morning it was for a bike ride. 12 members took part with Roy leading and Richie kindly agreeing to take the camera for the ride. Roy was new to following routes on Garmin but, with a little help from Mark, he managed to lead the ride successfully with few problems.</p> <p>The ride commenced at the Old Wirral Hundred pub in Ellesmere Port. After negotiating a busy road we took to country lanes heading towards Chester. Richie was doing a sterling job flying up and down the group to get his photos which was really appreciated. There were no mishaps as we made our way into Chester. We did, however, cycle through a park to the river and suffered a slight mishap when we saw a sign stating NO CYCLISTS!!! At our lunch stop Denis and Alan found a lovely café close to the river, which will be useful for future Chester rides.</p> <p>After lunch we carried on down the riverbank, what a great cycleway, eventually leaving to cycle down a track. The track was like one of Jim's slutch and mud rides, only kidding Jim! We continued along beautiful Cheshire country lanes and stayed together as a group right back to the pub. We arrived back at 3pm to enjoy a refresher and a talk about the birds and bees! Roy sends his thanks to everyone who took part and says it was a pleasure to lead it. There were no punctures or other mishaps so roll on the next ride.</p>
