**Description** *This is a 42 miles ride out to Preston Marina. The route takes us through Standish, Charnock Richard and Euxton along the A49 which should be quiet enough on a Sunday morning. We then enter country lanes to Buckshaw Village and pass through Lostock and Penwortham before joining the Guild Wheel route at Preston. We will then follow the River Ribble through to Preston Marina café where we will stop for lunch.*

*Our return route goes through Midge Hall, Eccleston and Wrightington before returning to Wigan via Standish. The majority of the ride is reasonably flat but there are a few hills. The ride is suitable for road bike or hybrid. The ride is open to members and guests.*
